

## Pause a Work Order for Android

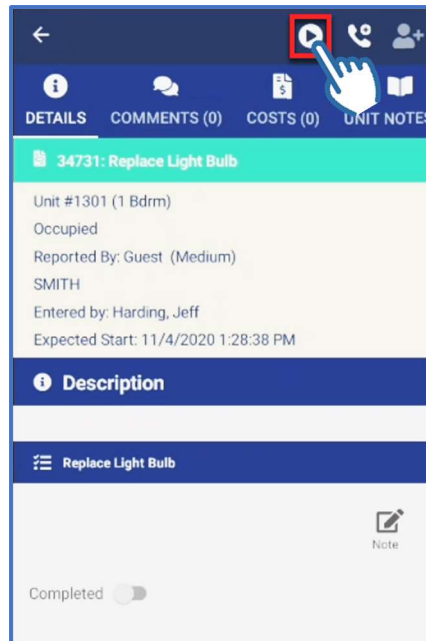

1. Tap My Work Orders

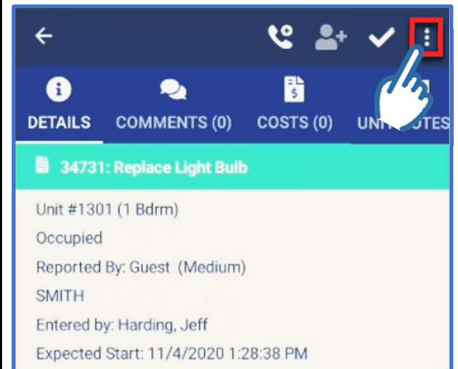

Then open a Work Order

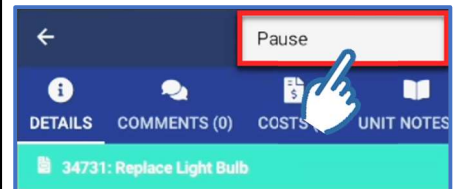

2. Press Play to start the Work Order

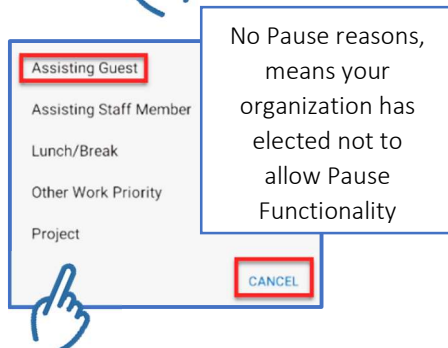

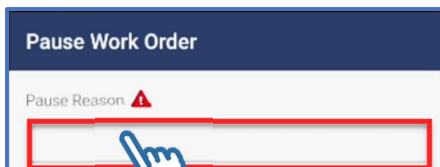

3. If you need to pause tap the three dots.

Then select Pause to pause the work time.

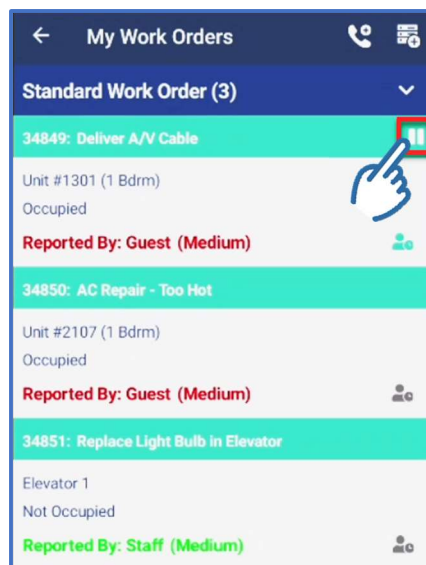

4. Select a Pause Reason

Tap Done, then Pause

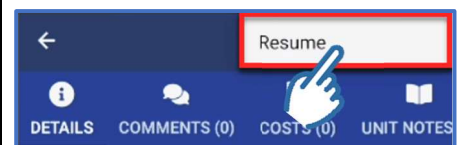

5. Paused Work Orders will be marked by a pause symbol on the Work Order's Banner

6. To restart the Work Order tap the three dots

Then select Resume

Tap Yes to confirm Restart
