

Pause a Work Order for iPhone

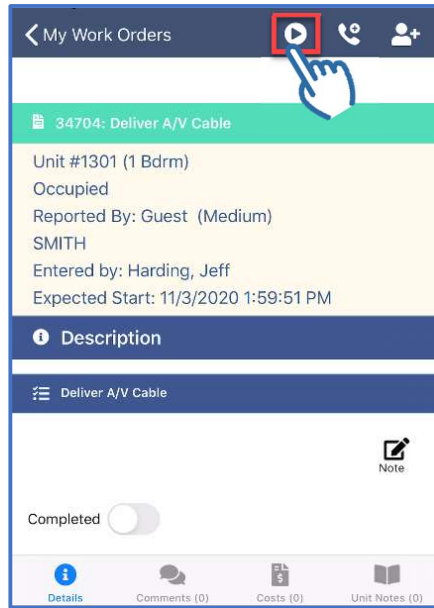

1. Tap My Work Orders

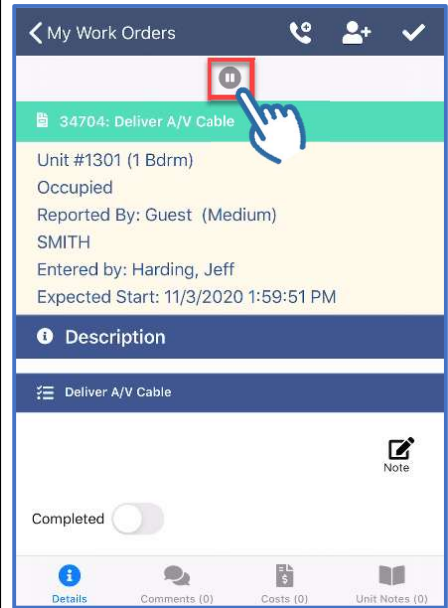

Then open a Work Order

2. Press Play to start the Work Order

3. If needed, press the Pause Button to pause work time

4. Select a Pause Reason

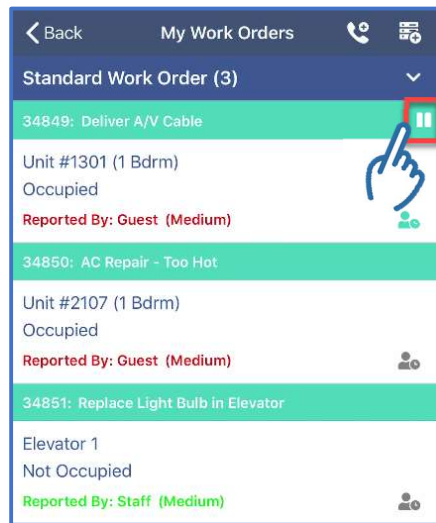

No Pause reasons, means your organization has elected not to allow Pause Functionality

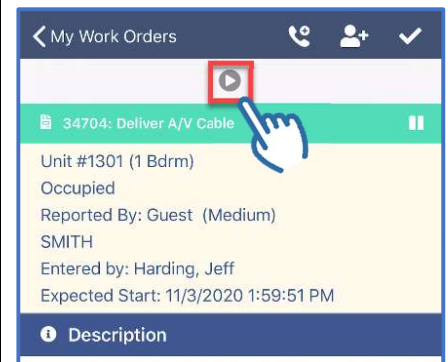

Tap Done, then Pause

5. Paused Work Orders will be marked by a pause symbol on the Work Order's Banner

6. To resume the Work Order press Play

Tap Yes to confirm resume
