

## Auto-Updates on Android

Follow the directions below to ensure that you get the latest update to AsgardMobile automatically. If you can't get to the settings on your device, please contact your IT team for assistance.

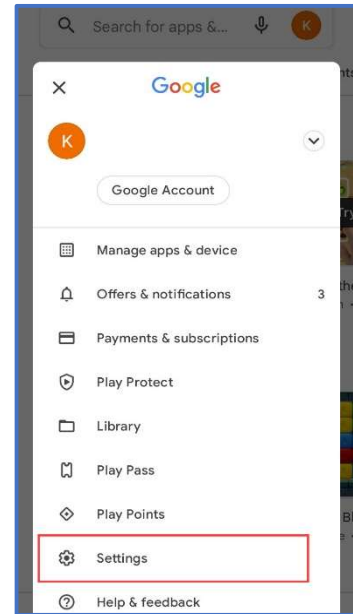

### Step 1: Click the Play Store icon on your device

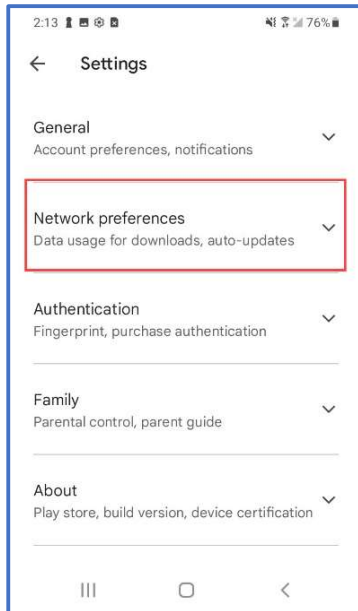

### Step 2: Click the circle in the top right corner

### Step 3: Open the Settings

### Step 4: Select Network Preferences

### Step 5: Select Auto-update apps

**Step 6:** If your device has cellular service, select **Over any network**. If your device only uses Wi-Fi connection, select **Wi-Fi only**.
